Reasoning - Round 1 - 2

I need to first crop out the people in the image one by one, and then perform an image search on each person individually.
code crop + image_search (person 1)

Search Result - Round 1 - 2

Identified as Kenzo Tange (architect)

Reasoning - Round 3 - 4

He was Kenzo Tange, a renowned Japanese architect, not a politician, and it is unlikely that he would have run for public office in the year of his death..
